**Department 20**

Until further notice, personal meetings are not possible even in urgent matters due to the existing risk of corona infection.

We will do our best to deal with your request as unbureaucratically as possible and without an appointment. This will essentially be possible.

If you are already in contact with the Social Services Department, please get in touch with the relevant contact person directly by telephone or e-mail.

For all other cases we have set up a hotline. Your request will be recorded there and forwarded to the right person.
